EGYPTOMANIA

BY LOUIS BARTHÉLEMY

In this joyful collection of handpainted ceramic tiles, French artist Louis Barthélemy captures the energy and vivacity of contemporary Egypt while paying homage to its storied past. Inspired by ancient frescos and hieroglyphics lining Egypt's temples and tombs, Barthélemy evokes fantastical scenes of strong men, frolicking animals, and naturalist motifs. These playful illustrations are adaptations of his original tapestry designs which are made in Cairo using centuries old appliqué techniques.

The Egyptomania tile collection combines our handcrafted Hanley bases and glazes with Tube Line detailing to bring Barthélemy's subjects to life. Use them on repeat to create a simple inlaid border or coupled with plain Hanley field tiles for a patterned installation. Or take a cue from Barthélemy's textiles and use them to create a decorative "tapestry" set within a tiled wall.

Clients can work with our starting edit of tile designs and create their own installation. Louis Barthélemy is also available for bespoke commissions — where he will work alongside the client to design a bespoke mural installation unique to the client and their space.

Due to the intricacy of the production, these tiles are suitable only for smaller-scale projects under 15sqm. For larger projects, pair with plain Hanley Traditional tiles.

LEAD TIMES

All tiles are made to order in Stoke-on-Trent. Lead times are 10-12 weeks as standard but vary depending on order size and current production capacity. Custom colours or sizes may be available at additional cost and with longer lead times. There is no minimum order.
